The reviewer 1 suggested 12 coercive citations at the 1st round of peer review. Those 12 coercive citations have one common author, Cem Işık with Anadolu University, Türkiye. And the reviewer 3 suggested 11 coercive citations at the 2nd round of the peer review. Those 11 coercive citations have one common author, Henan Agricultural University, China.

Although the authors of the article [1] cited the above-mentioned coercive citations, they deleted some of them at the final manuscript.
